

Alisa Teletović

When 11 years old painted first series called Escape from Reality - it was a series of pure abstract artworks.

Escape from the war in Bosnia Herzegovina at the age of 18.

Settlement in Australia and beginnings of a new life, developing art career and family.

Inspiration from the new home. Searching for identify and falling in love with the outback, the sand and the emus.

Return to Bosnia and Herzegovina after 17 years in Australia.
Finding new ways to express the inner turbulences, belongings and displacements - yet again. Feeling awkward in my own country with roasted sense of belonging.

Expressive, figurative artworks. Creative search for peace. Works in art studio in Sarajevo.
